Summary

As a Software Engineer who holds over five years experience in sales and hospitality, I am adept at identifying the fundamental source of any clients' problems and developing personalized and appropriate solutions that directly address their needs. Personable, insightful, and analytical, I enjoy meeting all varieties of professionals and working with them to help them achieve and exceed their goals.

General Assembly

Jr. Front-End Developer | Software Engineering Immersive

New York, NY

March 2019 to June 2019

- Built text-based reminder application to improve user organization using Node.js, React.js, Express, and PostgreSQL
- Used Node.js and React.js to develop search engine for collectible card game that sorted through 17,000 data points and allowed full CRUD deck building
- Collaborated with developers and UX Designers to make a vendor-focused application for the Union Square Farmers Market

Per Scholas (CodeBridge)

Front-End Development Fellow

New York, NY

January 2019 to March 2019

- Designed and deployed calculator application with advanced mathematical functions using JavaScript, HTML, and CSS
- Created interactive comic-book website leveraging advanced CSS animation tools
- Created browser-based alarm clock using HTML, CSS, and JavaScript

Kaizen Media Group

Content Generator

New York, NY

October 2017 to November 2018

- Researched and wrote ten articles a week on a wide range of subjects
- Organized content in Wordpress with a focus on increasing time spent on each page to maximize ad revenue
- Curated images to accompany stories in compliance with Facebook's advertising standards

Level Solar

Sales Consultant

New York, NY

March 2016 to October 2017

- Generated leads through door to door interactions with homeowners
- Managed a sales team of eight and was responsible for their training, setting their daily, weekly, and monthly goals, and ensuring those goals were met
- Met with homeowners, performed site evaluations, and presented blueprints for photovoltaic energy systems
- Won several sales competitions including having most sales company-wide on three separate occasions
